Re: Transfer of Funds – Park Maintenance Equipment

Honorable Members:

I would like to recommend that a budget transfer be approved from the following:

Parks Department Corbett's Glen Park Maintenance Supplies (A.DPW 7122 4.11) in the amount of \$8,673.

To the following:

Parks Department Buckland Park Maintenance Equipment (A.DPW 7115 2.40) in the amount of \$8,673.

In 2014 we were able to secure donated trail material (wood chips) through various outlets (NYS DOT projects, The Reserve Construction). Since we now have enough material on hand to meet our needs we will not be required to purchase any addition trail material in 2015. This has created an opportunity for our department to secure the following much needed maintenance equipment:

1. Ariens Pro Turn 48" Mower: \$6,639.20 available through MTE as a county/state bid item.
2. Western Plow Tailgate Salt Spreader Model 2500: \$2,033.00 available through Unicell as a submitted RFP.

The addition of the Mower will allow us to maintain certain park land that is currently maintained with a walk behind style mower in a much more efficient and reasonable manner. It will also allow us to safely maintain our playing field surfaces with the rising need to meet demands of events, games and tournaments.

The addition of the Tailgate Salt Spreader will assist us with our snow removal efforts within the parks during the winter months and help to provide safer access to our facilities.

I would be happy to answer any questions regarding this matter.

Sincerely,

Matt Beeman  
Superintendent of Parks

Re: Proposed Speed Limit Reductions

Dear Supervisor Moehle and Town Council Members:

The Public Safety Committee has received two requests (and accompanying petitions) to consider lowering the existing speed limit along Town streets.

The first is that of Elmore Road from 30 miles per hour to 25 miles per hour. While evaluating this request, the Committee also reviewed other streets in the immediate area, so as to perform an assessment of current speed limits within the entire neighborhood. Based upon these findings, the Committee recommends that the following streets be considered for speed limit reductions to 25 miles per hour for their full lengths:

- 1) Elmore Road (Orchard Drive to Elmwood Avenue);
- 2) Laconia Park (Willowdale Drive to Winhurst Drive);
- 3) Meadow Drive (Sunset Drive to dead end);
- 4) Orchard Drive (Irving Road to dead end);
- 5) Sunset Drive (Orchard Drive to dead end);
- 6) Willowdale Drive (Elmore Road to Meadow Drive);
- 7) Winhurst Drive (Elmore Road to Meadow Drive).

The second request is that of the Victory Lane, Maryland GD and Furlong Subdivisions that the following streets be considered for speed limit reductions from 30 miles per hour to 25 miles per hour for their full lengths:

- 1) Southland Drive (West Henrietta Road to dead end);
- 2) Doncaster Road (West Henrietta Road to dead end);
- 3) Furlong Road (West Henrietta Road to dead end);
- 4) Sylvia Street (Southland Drive to Furlong Road)

I would therefore ask that the Town Board receive and file this communication, that a public hearing be set for this matter and that the requisite notification be sent out.
